About Me

I am a dedicated and enthusiastic student currently pursuing a Bachelor of Science degree in Computer Science Honours. With a passion for coding, design, technology and experience of 1000 hours of developing application. I can adapt onto any technology rapidly making myself flexible upon any tech stack. Beyond academia, I actively engage in entrepreneurial endeavors, driven by a desire to create impactful solutions. I have also done an internship in a startup. With my diverse interests, coupled with a firm academic foundation, I am dedicated to delivering quality results and am eager to contribute to the success of the organization I work with.
